

VALUE-ADDED SERVICES BY CATALYSTONE

POWERFUL GOAL SETTING

In this workshop, you will learn how to set powerful goals which motivates your employees and create clear results.

TARGET GROUP

HR and train-the-trainers expected to coach and train managers in the organization in setting objectives/goals.

Supported by CatalystOne™ software.

Description

By setting the right type of goals, you can get great results in short time. During this workshop, you will learn what the latest research says about goals and results.

You will also get concrete advice on different goal setting methods and, through group discussions, set goals for your own unit.

In the workshop, there will be a mix between theories and practical training.
